### 3. BURSARIES

#### 3.1 Application for Elsenburg Agricultural Training Institute study bursary

Prospective students should apply for a bursary on or before 30 September. No late applications will be considered.

The criteria for bursary applications at EATI are based on transparency, fairness and the promotion of the WCDoA's transformation objectives. Please note that a limited number of bursaries are available and meeting the criteria does not guarantee entitlement. Allocation will be according to the bursary priorities set by EATI.

The bursary application form, obtainable from the department or online, must be fully and correctly completed and signed by the applicant and if applicable, his/her parent or guardian. All documents requested on the application form must be submitted and failure to comply may result in the application being deemed incomplete. Only applications submitted on the prescribed application form for 2016 and completed applications will be considered. The use of tippex on application forms is strictly prohibited and **no faxed/e-mailed application forms will be accepted. ANY FALSE INFORMATION SUPPLIED WILL LEAD TO THE IMMEDIATE CANCELLATION OF A BURSARY.**

Successful applicants will be informed during **November**. Applicants who do not receive notification prior to registration in **January** must consider their applications as having been unsuccessful. Bursary holders may not accept more than one bursary with service obligations.

Please note that the successful candidates must submit a copy of the approval letter (or contract) and a copy of their ID at registration. It is the student's responsibility to obtain this letter (contract) from Student Administration **before registration**. No registration will be allowed without this letter.

#### 3.2 Private bursary holders

Private bursary holders are personally responsible for the payment of their student fees. The onus rests on the student to ensure that a bursary payment is received before the payment due dates as stipulated in paragraph 2.1.

Private bursary holders must submit their bursary approval letter on the day of registration.

### 4. PROCEDURES ON THE DAY OF REGISTRATION

- 4.1 A verification of results will be conducted and if it becomes apparent the applicant does not meet the minimum admission requirements, he/she will not be admitted. After verification of results students will select their subjects for the year and a cost statement will be printed indicating all fees payable for the semester. The student will be directed to the pay point.
- 4.2 All students (including bursary holders) must report to the pay point to settle outstanding accounts and to submit bursary approvals and other documentation where applicable. Each student will then receive a confirmation as proof that all financial arrangements are met.

## 5. DISCONTINUATION OF STUDIES
